

AKASH R.

INDUSTRIAL DESIGNER · B.DES, DJ ACADEMY OF DESIGN · CLASS OF 2027

I like the part where an idea stops being a drawing and becomes an object you can pick up.

ABOUT_

Hands-on designer who thinks with foam, mechanisms and CAD, fast from sketch to something you can hold.

I care about rapid prototyping and material exploration, and I pick up new tools quickly. Integrity-driven, organised, and open-minded about users and teammates.
